Schwartz Bros. have rightfully earned the reputation as being the proper place to buy proper footwear. We have learned the shoe business through the only practical channel—experience—which has convinced us that the "Seiz" is it for \$3 and \$3.50.

For a good, comfortable smoke, try the "El Tropico"—a home production. A trial will convince you.

Call for the "El Tropico" cigar, made in Bisbee from Clear Havana Fillings and Sumatra wrappers. Sold everywhere.

SUSTAINS "JIM CROW" LAW.

Brief City News

Brought Hounds.

Harry Tenney arrived in Bisbee this morning from San Francisco. He brought with him Merced Boy and Frisco Girl, two coursing hounds, property of M. M. Grace, also of San Francisco. These hounds will take part in the coursing events at Naco next Sunday. Mr. Tenney will act as slipper. He has had six years experience in coursing dogs and will train dogs for private parties while in this vicinity.

Horses Found.

Mr. J. S. Palmerlee, who several days ago advertised for two lost or stolen horses, reports they have been found. Chris Christiansen caught them on his ranch near Benson and brought them in to Bisbee Thursday morning and delivered them to Mr. Palmerlee.

Tammany Hall.

After waiting many years Bisbee is to have a Tammany hall. It is to be the building opposite the Johnson block, owned by Hennessy & Hubbard. Mr. Hubbard stated last night that the name had just been selected for the building, but refused to give his reason for so doing. The upper floor is to be used by Mrs. S. Wolff for a dancing academy, and the lower floor by Moore Bros. and Wren for a coal and feed store.

To Raise Cattle.

Burton C. Mossman left yesterday for Wilcox on cattle business. He stated before going that it is his intention to go into the cattle raising business in some part of Cochise county. He will buy and sell to outside markets. The former ranger captain states that he believes this county will become of the greatest in cattle raising as well as in mining.

Did Not Arrive.

Readers in Bisbee yesterday were forced to go without their western newspapers. Failure to make connection at Benson is the cause of this. It is expected that an unusually large paper mail will arrive on the Benson train this morning.

Lost Brother.

The following ad has been appearing in the New York Herald for a week: "Patrick J. Muldoon—Information wanted: last seen in Bisbee, Arizona. His sister would like to hear from him, Miss Mary Muldoon, care of Mrs. Ann Bird, 777, Washington st., New York."

Big Celebration.

J. K. Choate was in the city yesterday after two days spent in Tombstone, conferring with the committee that is preparing for the celebration on April 12th. He says that if the people carry out the plans as now arranged they will have one of the biggest celebrations that has ever been held in the southwest.

In Conference.

Sheriff Lewis and Burt Alvord spent some time in conference here yesterday. It is reported that they are arranging for the capture of a much wanted murderer who is at present in Sonora. The man wanted has a large reward hanging over his head. Alvord is said to be able to locate him on short notice. The result of the conference is not known. Sheriff Lewis went to Tombstone and Alvord returned to Naco in the evening.

Expected Sister.

Constable Doyle was at the train from the east yesterday afternoon to greet his sister, Miss Maggie Doyle, but she failed to arrive. Miss Doyle is now on the way from Superior, Nebraska, where she has resided for many years. Miss Doyle comes to Bisbee to make this city her future home.

Insurance Paid.

Recorder Hunt, of the local Workman lodge, stated last night that he had received information that the insurance of \$1,000 upon the life of Joseph H. Roberts had been paid. Roberts died some time ago at Cananea, and Recorder Hunt made a trip there for the purpose of looking into the matter. The reason the insurance has not been paid to the mother of the deceased sooner is the fact that all of the legal papers were made out in Spanish and had to be translated and verified.

Johnson Here.

Don Johnson, now a Douglas constable and formerly connected with the Arizona rangers, was in the city yesterday for a few hours. Constable Johnson says that Douglas is bound to say that be the biggest city in the territory. He says that the smelter city is one of the most law abiding in the territory, though it is run on the wide-open plan.

Awaiting Notices.

Postmaster McCabe stated yesterday afternoon that he has not as yet received any official notice from Washington concerning the raise in the salaries of the clerks employed in the local office. He gives it as his opinion that when the official papers do come they will be different in one respect from the telegraphic advices received here some time ago. He states that he

expects to see one of the clerks given more of a raise in salary.

Sells Machinery.

D. A. Carpenter arrived in the city yesterday from El Paso. He represents the Sullivan Machinery company, and is in this section to sell mining machinery. Mr. Carpenter stated last night that there is now a big demand in the southwest for mining machinery. He speaks of El Paso as the greatest supply point in the growing southwest.

To Entertain Scotts.

Ed Scott stated last night that arrangements are now being made to bring Gavin Spence and Flora McDonald here on April 1st. They are rated as the best entertainers on the road in the Scottish dialect, and Bisbee will certainly find in them a rare treat. Press notices from the big eastern papers speak in the highest terms of praise of the ability of this pair. They will be at the opera house for only one night. The program to be rendered by them will be made up of songs and sketches.

DOGS FOR COURSING.

F. C. Whitney in Naco with Some Fleet California Hounds.

Naco, March 20.—F. C. Whitney, of Los Angeles, arrived today with Neer-cut Miss Reah, Reward, Cash Girl and Cooney Cob, which are among the best bred and fleetest greyhounds in California. They are entered for the inaugural, the opening event at Sportsman's Park, next Sunday, which consists of twelve entries. This promises to be the best sporting event ever held in Naco, and will be conducted under the rules of recognized coursing authorities. Pools will be sold on each course. Music by Fort Huachuca band. Excursions are coming from Cananea and Bisbee.

Mrs. Avery Curry and two sons have gone to visit her brother, Mr. Henry Pratt, at the Huachuca.

Dr. C. L. Caven, of Bisbee, was a visitor here today on professional business.

S. K. Williams, the well known Bisbee business man and the partner of Judge Miller, was in Naco last week on his way to Cananea, where he has large business interests to attend to.

There is considerable talk now that the new custom house on the Sonora side will be commenced within two weeks' time.

The local brokers report the custom house business quite extensive. Several mining outfits have passed through Naco the last few days, bound for the Sonora fields.

Two prospectors came into Naco Sunday bringing with them a quantity of exceedingly rich gold ore. A number of the specimens were a mass of the precious metal, and the whole represented quite a considerable value. The men, who were miners of experience, would give no accurate direction to the locality from whence they had dug the rock, but acknowledged that the claims staked out by them were at the San Josés.

The ball on St. Patrick's day night was attended by sixty couples, and the event, which was well managed and a pronounced success, secured us the pleasure of a number of friends, both from Cananea and Bisbee.

Visitors to Naco enjoy a well cooked and nicely served meal at the Cottage Cafe, the new restaurant on Main street.
